

19" Rack mount for Ophit's 4K/8K optical extender

19RM-001 (003)

< 19RM – 001 >

< 19RM – 003 >

The 19RM-001(003) is a 19-inch rack mounting structure that offers the flexibility to mount up to eight(8) 4K/8K Optical Extender, to be installed at the same time.

4K/8K Optical Extenders mounted on the 19RM-001(003) can be simultaneously powered. Also, with two built-in AC/DC power supplies, can reliably supply DC power to 4K/8K Optical Extenders, even if one of them fails.

Up to OPHIT's eight 4K Optical Extender (FTDS or FTHS) and 4K/8K Optical Extender (OMB series) can be installed, and it is possible to mix and match the transmitter / receiver according to the user's use.

The 19RM-001(003) can be easily mounted and fixed to a commonly used 19 inch rack using the screw hole on the front part.

Features

- 19 inches 2U size (Four screw holes on the front, can be mounted on commercial 19 inch rack)
- Dual AC/DC power supply (power sharing)
- Up to 8 OPHIT's 4K Optical Extender (FTDS, FTHS) and 4K/8K Optical Extender (OMB series) can be installed.
- 8 SC type(19RM-001) or MPO type(19RM-003) optical connectors on the front.
- Power state indicate LED x 2 (Each per AC/DC power supply)
- Eight DC cables that can be removed / installed are installed inside.
